Ecological Framework of gender equality: Role of CSOs in promotion women empowerment

Broader Structural Level

- National and international advocacy
- Allying with poverty alleviation initiatives
- Analyzing and proposing policy reforms with gender focus

Community

- Community campaigns
- Female leadership development
- Building on community assets and “voices of resistance”

Relationship

- Parent training
- Group educational strategies with men and boys (and women and girls)
- Strengthening the service base for families

Individual

- Fostering resilience
- Promoting participation and critical self-reflection
- Assessing impact on individual lives
- Striving always to achieve lives with rights and social and gender justice
