

**CALL FOR PROPOSALS FOR Antigua & Barbuda, Grenada, St. Kitts & Nevis, St. Lucia, St. Vincent & the Grenadines**

**Deadline to submit proposals: August 12, 2015**

The **Global Partnership for Social Accountability (GPSA)** supports civil society and governments to work together to solve critical governance challenges in developing countries. To achieve this objective, the GPSA provides strategic and sustained support to CSOs' social accountability initiatives aimed at strengthening transparency and accountability. It builds on the World Bank's direct and ongoing engagement with public sector actors, as well as a network of Global Partner organizations, to create an enabling environment in which *citizen feedback is used to solve fundamental problems in service delivery and to strengthen the performance of public institutions*. Through a country-tailored approach, GPSA-supported activities are implemented in sectors where the World Bank has a strong involvement and can help governments respond to citizen feedback.

*The GPSA works to "close the loop" by supporting citizens to have a more articulated voice, helping governments to listen, and assisting government agencies to act upon the feedback they receive.*

**The GPSA is pleased to announce its 3rd Global Call for Proposals. In Antigua & Barbuda, Grenada, St. Kitts & Nevis, St. Lucia, St. Vincent & the Grenadines, the GPSA seeks proposals for Social Accountability initiatives and programs from Civil Society Organizations to:**

⇒ Monitor the Growth and Poverty Reduction Programs (when applicable), and the policy actions included in the Caribbean Growth Forum Action Plans. The information produced will be used by the Ministry of Economy and Finance to ensure a transparent and efficient use of funds to increase opportunities for small and medium-sized and generate employment opportunities.

⇒

**Proposals may focus on one or more of the above mentioned priority areas.**

3. The project will push the boundaries from pilots to large-scale interventions that may be replicated country-wide;
