

## CALL FOR PROPOSALS FOR UGANDA

**Deadline to submit proposals: August 12, 2015**

The **Global Partnership for Social Accountability (GPSA)** supports civil society and governments to work together to solve critical governance challenges in developing countries. To achieve this objective, the GPSA provides strategic and sustained support to CSOs' social accountability initiatives aimed at strengthening transparency and accountability. It builds on the World Bank's direct and ongoing engagement with public sector actors, as well as a network of Global Partner organizations, to create an enabling environment in which *citizen feedback is used to solve fundamental problems in service delivery and to strengthen the performance of public institutions*. Through a country-tailored approach, GPSA-supported activities are implemented in sectors where the World Bank has a strong involvement and can help governments respond to citizen feedback.

*The GPSA works to "close the loop" by supporting citizens to have a more articulated voice, helping governments to listen, and assisting government agencies to act upon the feedback they receive.*

**The GPSA is pleased to announce its 3<sup>rd</sup> Global Call for Proposals.** In **Uganda**, the GPSA seeks proposals for Social Accountability initiatives and programs from Civil Society Organizations **to address one or all of the following:**

- ⇒ *Monitor together with beneficiaries health service provision along the entire value chain related to equipment use and drugs stock outs, barriers to accessing quality health services, from the perspective of the community and make proposals for design corrective mechanisms and policies to address the identified problems in a collaborative manner with citizens for better health development outcomes. Information will also enhance community participation in monitoring service delivery*
- ⇒ *Monitor together with beneficiaries the procurement, contracting and construction of Roads, health and education infrastructure. The information produced will be used by the Ministry of Works and Transport, Uganda National Road Agency, Ministry of Health and Ministry of Education to better understand problems related to cost, quality of health and education infrastructure, and design corrective mechanisms and policies to address the identified problems in a collaborative manner with citizens for better health and education development outcomes.*
- ⇒ *Monitor farmers' access and use of Agriculture Extension and Advisory Services and inputs. The information produced will be used by the Ministry of Agriculture and the Ministry of Finances, Planning and Economic Development to develop better mechanisms for: empowering farmers, articulating farmers' needs and demands for agricultural advisory services and inputs, and enhancing farmer's ability to identify linkages between advisory services, inputs and technology grants*
- ⇒ *Institutional strengthening activities and capacity-building through a "learning-by-doing" approach that will result in the CSO's increased capacity to implement social accountability.*

**Following the GPSA's approach, it is expected that the information produced will also be used by other public sector institutions beyond the Executive, including Supreme Audit Institutions, legislative bodies, independent regulatory agencies, and other oversight bodies.**

**In order to be considered, proposals must demonstrate clearly that:**

1. The project will push the boundaries from pilots to large-scale interventions that may be replicated country-wide;
2. The proposed intervention is related to ongoing initiatives focusing on similar objectives. It should identify the value added of GPSA support;

3. It proposes clear mentoring and partnership with other CSOs (local and national) and community-based organizations; and
4. The project will generate information that is needed to complement existing processes already supported by relevant public institutions.

**GPSA supports proposals that:**

- Have an estimated duration of 3 to 5 years, in order to enable sustained and strategic funding for Social Accountability;
- To find out the indicative funding range for the 3rd Global Call for Proposals, please visit our website at [www.thegpsa.org](http://www.thegpsa.org)

**Eligible CSOs:** Legal entities that fall outside the public or for profit sector, such as non-government organizations, not-for-profit media organizations, charitable organizations, faith-based organizations, professional organizations, labor unions, workers' organizations, associations of elected local representatives, foundations and policy development and research institutes.

Applicant CSO must provide proof of legal status in one of GPSA's eligible ("opted-in") countries.

Please review the GPSA Application Guidelines for details about how to apply for a grant, eligibility requirements, selection criteria and selection process.

**If you are interested in applying please visit [www.thegpsa.org](http://www.thegpsa.org) to read the GPSA Application Guidelines and to access the application forms.**

**For information on the Orientation Session organized by the World Bank offices in Uganda please contact:**
